

## BCR<sup>®</sup> CE Cleanroom Face Masks

Easy breathing comfort with superior performance

People are a significant source of contamination in any critical manufacturing process. Berkshire masks are designed to protect your cleanroom or controlled environment from human contamination. Berkshire masks provide superior filtration efficiency while providing long wearing

comfort for operators. Our range of masks ensures that you can find the right combination of performance and comfort. Berkshire also has the capability to design and produce custom configurations for any specialized application.

### BCR<sup>®</sup> CE-3P4T Face Mask with Polypropylene Head Ties 180mm x 90mm

#### Features

- Filter Medium: meltblown polypropylene provides excellent particle and bacterial filtration
- Outerfacing: polyethylene—ideal for extremely critical environments
- Innerfacing—polypropylene—soft and non-irritating
- Polypropylene head ties—for long wearing comfort
- Fully enclosed nosepiece—adjustable, PVC coated wire reduces “blow by”

#### Advantages

- Minimizes human particle contamination
- Contains no chemicals, surfactants, binders or fiberglass
- Comfortable to wear over extended periods
- Recommended for use in class10 and 100 cleanrooms
- Choose from head ties for a fully adjustable comfortable fit or soft polyurethane earloops for long wearing comfort

#### Technical Data (Average Data)

Particle Filtration Efficiency (%)	99%
Bacterial Filtration Efficiency (%)	97%
Differential Pressure (Delta P)	1.5
Helmke Drum (part/cu ft)	100
